PRESENTATIONS

Travis Alden, from the ICEA/ The Right Place, reported on the results of the strategic planning sessions with Village Council and staff from earlier in the year. Discussion was had by the Council. Banks put forth that this should be formally adopted by Council at the April meeting, after Council members had more time to carefully read the information presented. Banks, Brighton, and Johnson each brought up subtopics, based on the report, for discussion. Alden will come back to the April meeting to further discuss the report and to also talk about the ICEA.

PUBLIC HEARINGS

There were no public hearings.

DISCUSSION ITEMS

Proposed Downtown Four Way Stop – Reagan informed the Council that the DDA had recommended to the Council that a four-way stop be implemented, as a temporary (90 day), pilot project, at the intersection of Fourth Avenue and Second Street. Reagan stated that he had discussed this with the Chief of Police and the DPW Supervisor. The reason for this recommendation is that the DDA believes that people are traveling at high rates of speed down Fourth Avenue; that the design of the stop bars on Second Street prohibit a driver from getting a good view of the oncoming traffic; and there is a safety issue for motorists and pedestrians. Trout stated that the only issue that he sees is that the road on Fourth Avenue is narrow, due to the bump-outs, and could cause an issue with turning. Johnson asked if the bump-outs could be removed. Trout stated that this would be an expensive and time-consuming process. Trout did state that the temporary stop bars could be moved back from the intersection, allowing more room for turns.

This issue will be brought back for further discussion in April.

Zoning Administrator Report

March 2021

Permits:

On 3-9-21 I approved a zoning permit to Ralph Thelen Construction to demolish a home at 1612 Jordan Lake St.

Supplemental:

Miscellaneous

Phone calls involved various appraisers checking on the zoning classification of assorted parcels. Other questions involved various questions regarding setbacks, fences, pools and permits.

I had a call about the building kiddie corner to the hardware store. He was interested in possibly leasing the building and putting in a milk bottling facility to bottle and sell the milk plus a meat cutting person to sell fresh meat at the same location. I told him the ordinance would have to be amended to add this use. The building is in the CBD. The Planning Commission could consider adding this use to CBD.

I attended the Planning Commission meeting on March 22. We talked about the mobile home zoning ordinance sections that do not meet State laws. I have submitted a draft of the changes needed and they will need to be approved by the Mobile Home Commission before adoption. They also talked about adding more amendments to the Lakeside Commercial District and will hold a public hearing on them in the near future. A discussion took place on amending the street level residence section of CBD.

VI. <u>Action/Discussion Items</u>:

a) <u>2021-2022 Budget:</u> The Board discussed the items for the 2021-2022 budget, due to Council in February. \$1,600 was allocated for Christmas decorations. \$51,200 was allocated for beautification, including the parking lot fence project and the 1st Street parking project. \$25.00 was allocated for Chamber dues. \$1,000 was allocated for more lights in trees downtown. \$2,000 was allocated for replacement of Wayfinding Signage by the Village's DPW.

Motion by Banks, supported by Dahms, to approve budget appropriations as discussed. All ayes; motion carried.

- b) <u>Caledonia Farmers Elevator property update</u>: Reagan stated that he had a meeting scheduled with a representative from Caledonia Farmers Elevator to discuss the proposed plans that the DDA had for the strip of property along 1st Street but this was cancelled. He stated that he will be meeting with them soon to discuss this potential project.
- c) <u>Self-Watering Planters:</u> Banks reported that she has found quotes for self-watering planters from Earth Planters. These planters are Classic Rolled Rim Large planters and Banks explained the benefits of using these types of planters for downtown flowers. Discussion ensued. It was determined that the Village's DPW will water the planters and that Banks and Rogers would determine colors.

The DPW Supervisor has determined that there will need to be placement of "Stop Ahead" signs in parking spaces on Fourth Avenue, to properly warn motorists of the new stop signs. Discussion took place. A committee was formed, consisting of McGarry, Dahms, and Rogers, to talk to business owners about the new stop sign and to solicit feedback in that the "stop ahead" signs would cause the loss of parking spaces on Fourth Avenue.

VII. <u>Beautification Committee</u>

a) <u>Christmas Garland Sponsorship Program</u>: Banks reported that the DDA had received fifty-four (54) sponsorships for lightpoles in the District and this resulted in \$1,080 in sponsorship revenue to help offset the costs of this program.

REPORT TO THE VILLAGE OF LAKE ODESSA COUNCIL

DATE: Monday, April 19, 2021

TO: President Karen Banks; President Pro-Tempore Mel McCloud; Trustee Brighton; Trustee Cappon; Trustee Johnson; Trustee Young

FROM: Patrick Reagan, Village Manager

RE: Manager's Report to Village Council

President Banks and Village Trustees,

Please find below my report on the Council agenda before you tonight.

PRESENTATIONS

Luke Froncheck, from representative Julie Calley's office, will be giving a legislative update.

Travis Alden, the Director of Business Development from the ICEA/ The Right Place, will be presenting an overview of the ICEA/ Right Place and will be taking any final questions on the Strategic Plan.

DISCUSSION ITEMS

The discussion item stems from the DDA – they have passed a recommendation that a temporary four-way stop be tested at the intersection of Fourth Avenue and Second Street in the downtown area. The DDA feels that this will help to calm traffic in the area and make this intersection easier to navigate. Currently, due to a somewhat flawed design from years ago, when a motorist stops at the stop bar on Second Street, it is nearly impossible to view any oncoming traffic from either direction on Fourth Avenue. The DDA believes that making this intersection a 4 way stop could help to mitigate any vehicular or pedestrian accidents as well as to help slow traffic down on Fourth Avenue. This four-way stop would be a temporary "pilot project" that would gain anecdotal evidence that could be used later to determine if this should be a permanent change to this intersection. Please find that I have attached a map for your consideration. If you would like to take action on this tonight, that is at your discretion.

NEW BUSINESS

Proposed Resolution 2021-19: Approving, Authorizing, and Directing the Village Manager to Sign the Notice of Award for the Pearl, Pleasant, Ionia, and Emerson Water Reconstruction Project: On March 25, 2021, we received bids for the proposed work on Pearl, Pleasant, Ionia, and Emerson Streets. The Village received five bids and the lowest bid was obtained from Service Disabled Veterans General Contractors, Inc from Eaton Rapids. This bid came well under the estimates that we had from GEI Consultants. You will find two items for this resolution: the first shows how the bids came in, with regard to price, and also has the engineer's recommendation. The second is the notice of bid award that needs to be signed in order to move this project forward.

Proposed Resolution 2021-20: Approval to Accept the Bid from Stowell Builders for the Proposed Additions/ Improvements to the DPW Garage:

As you may recall, the 2021-2022 budget set funds aside for an addition to the PW building on Jordan Lake Street. Supervisor Trout and I sought bids for this work and received two bids back – one was from Lakewood Construction, of Holland, Michigan and the second was from Stowell Builders. Stowell Builder's bid, all totaled, came in at just over \$151,000 while Lakewood Construction's bid was approaching \$300,000. With the costs of building supplies exploding, it is important that – if this work is to be done – to accept this bid as soon as possible. What I am hearing, with regard to supply chain issues in the United States and building supplies, this type of project will not be getting cheaper but instead will be increasingly costly. Furthermore, room for the storage of equipment at the garage is almost non-existent. This addition will allow us to store our equipment, in order to keep it out of the elements and will also allow the employees to maintain/ repair this equipment indoors – as it currently stands, many repairs, routine maintenance, and cleaning of the larger pieces of equipment needs to happen outdoors as the ceiling is not high enough. While this isn't a problem in July, in January it is a completely different story.

I recommend that this resolution be passed. If passed, we are looking at a start date of June/ July, with a timeline of 6-8 weeks for completion.

Proposed Resolution 2021-21: Approval to Hold a Tree Planting Ceremony on Thursday, April 29, 201 at 10:00 am at the Veteran's Memorial Chapel in Recognition of Arbor Day:

As a Tree City USA, the Village holds each year a tree planting ceremony. DPW Supervisor Trout believes Thursday, April 29, 2021 at 10:00 am would be a good day to hold this event.

Proposed Resolution 2021-22: Approval to Accept the MERS Addendum as Submitted:

This addendum was requested by MERS. No substantive changes will take place but they are asking their member communities to pass this addendum in order to continue taking part in the program.

Proposed Resolution 2021-23: Approval to Accept the Letter of Resignation from Trustee Kay Hartzler:

Trustee Hartzler has sent in a letter of resignation from the Village Council.

Proposed Resolution 2021-24: Approval to Purchase a Water Valve Exerciser Kit from Ferguson Waterworks for the Sum of \$4,812.50:

DPW Supervisor Trout has requested that the Village purchase a valve Exerciser Kit for Watermain Valves on our system. Jesse is working on implementing a formal valve turning program in the Village and this is a necessary piece of equipment with regard to this program. Valve turning, while sounding like a silly exercise from the outside, is a necessary component to maintaining a water system in good working order. Other communities have had issues where they did not exercise their valves and curb stops routinely and found that, when service did need to be shutoff in an emergency, they would end up breaking the watermain valves and/ or the curb stops, which turns an emergency situation into an extremely costly emergency situation. If you are looking for an analogy, this is similar to rotating the tires on your car – if you do this, you will get more mileage and better performance. Valve turning is the same.

Jesse found three quotes for this piece of equipment, per the Village's adopted Purchasing Policy. The low bid was from Ferguson Waterworks for \$4,812.50. While the price on the quote is higher, this is because Ferguson included tax. Jesse has worked with them and they will be removing the tax from the final bill, if approved.

I recommend that this resolution be passed.

ITEMS NOT ON THE AGENDA

- A community group is looking to hold a cleanup day at Swifty's on June 5, 2021 from 8:00 am until Noon. Linda Swift and Bonnie Rush are coordinating this effort. I have asked Bonnie to be sure to coordinate this effort with DPW Supervisor Trout.
- The VFW will be putting a new roof onto the Veteran's memorial Chapel on April 24th.
- I have sent out a Request for Proposals for the redesign of the Village's website and expect to have bids in hand next month.

Respectfully submitted,

Patrick Reagan, Village Manager Village of Lake Odessa

PUBLIC RELATIONS:

One of our department goals was to have a designated Safe Exchange Zone reserved for child custody, private property and E-Commerce transactions. Our officers would observe these transactions in various parking lots in our community and we would often get calls asking if our parking lot could be used or if an officer was available to standby to make sure these types of transactions went smoothly.

We recognize a large number of people use online services, including Craigslist, Marketplace, and various phone Apps, to buy and sell items. For this reason, the public is welcome to use our lobby and parking lot for transactions.

A second off site location for transactions is located at the Village Park (commonly referred to as Swiftys). This location is also under surveillance 24/7 and you may have already observed the designated signed area in the parking lot.

Thank you Dornbos Sign & Safety Inc. for making these signs to give our program visibility. We are happy to offer this service free of charge to citizens. We hope this initiative provides more security and peace of mind for these type of transactions.

Page Building: 839 4th Avenue, Lake Odessa, MI. Our lobby hours are Monday- Friday from 8:30am-4:30pm. No appointment needed during these hours.

SAFE EXCHANGE ZONE

This area is reserved for child custody, private property and E-Commerce transactions.

The shade sails at the pavilion were installed. The park restrooms were opened on the 13th of April. The beach restrooms have been unwinterized and will be open around the beginning of May. Six hazardous trees were removed in the park. We will be grinding stumps the week of the 26th.

Streets

Several tree board approved trees were removed. We will be grinding the stumps the week of the 26th. We have been patching asphalt as needed.

Water

We repaired a leaking water service on Washington Blvd. The interior of the chlorination room at the water treatment building was repainted.

DPW

We have removed, cleaned, serviced and stored our snow removal equipment away for the season. The first brush collection of the season was completed. The next collection is scheduled to begin on Monday the 19th of April. We are and will be collecting compost bags every Monday as our schedule allows.

Purchase Request

I am requesting authorization to purchase a valve exercising machine for the water system from Ferguson Waterworks for the total cost of \$4,812.50. This will allow us to exercise and maintain the valves in our water system, which ensures their reliable function as well as following EGLE mandated operations.

Additional Comments

May Clean Up is scheduled for the 13th, 14th & 15th this year. Also, we will soon be performing the annual spring flushing of water mains. I have not yet set a date for this but it will be done early in the month of May.

Prioritized Goals & Objectives – Spring 2021

To maximize the Village of Lake Odessa's positive impact on the future prosperity of the community, the Village Council has established this prioritized set of goals and objectives to maintain focus and guide the village's strategic initiatives.

This set of focus areas is the result of an in-depth, facilitated process where the Village Council, Village Manager and Department Heads worked through past, current and potential future initiatives to determine where focusing village resources & efforts will result in the greatest positive impact to the Lake Odessa community.

As with any community or governmental organization, the Village cannot be all things to all people; nor can or should it spearhead every initiative it deems of high priority. Oftentimes, a collaborative role is most appropriate. Therefore, it is critical to define the Village's role in each stated initiative, which is indicated in terms of the following:

[L] = Lead; [S] = Support; [C] = Convene

S.W.O.T. Analysis

A SWOT Analysis is a simple but useful framework for analyzing an organization's strengths, weaknesses, opportunities, and threats. It helps to build on what is going and/or being done well, to address what is lacking, to minimize risks, and to take the greatest possible advantage of chances for success. The Village stakeholders mentioned above participated in a general SWOT analysis of the Village of Lake Odessa, encompassing the state of the community as a whole as well as the Village's governmental operations. These are summarized below:

> Village's Current <u>Strengths</u>:

- Physical assets including location are advantageous:
 - Centrally located to Grand Rapids, Lansing, Battle Creek, etc.
 - Jordan Lake is a substantial asset in terms of attractiveness as a community and a draw for visitors
 - Well-used village park, fairgrounds located in the village
 - Growing trail network
 - M-50 corridor is a traffic generator
- Overall well-maintained municipal infrastructure
- Healthy financial situation for the Village
- Downtown has maintained its charm, and some small businesses are a draw to out-of-towners
- The Village's day to day operations run smoothly, due to a high-quality staff
- Very involved Council President and positive energy on the Village Council
- Strong industry mix / employment base for a community this size

Village's Current <u>Weaknesses</u>:

- Lack of big box stores is seen as a weakness by some (retail leakage to other communities)
- From a land use perspective, the Village is essentially 'built out'

> Village's <u>Opportunities</u> Moving Forward:

- Intentional long-term planning and goal-setting
- New elected officials to potentially bring a different perspective and fresh ideas to the Council
- Improved community engagement and outreach
- Redevelopment of commercial spaces and potential development sites especially village-owned land
- Upgrades and enhanced utilization of the fairgrounds property
- Jordan Lake Waterfront:
 - Enhanced recreational amenities
 - Life guards / swim lessons

- DPW facilities potentially combine with Public Safety into a single facility
- Recreational cannabis, pending community appetite
- PA425 agreement(s) with Odessa Township to catalyze potential development (esp housing) outside village limits

> <u>Threats</u> To The Village's Future Success:

- Not maintaining our infrastructure and inadequately planning for future needs
- Becoming stagnant an unwillingness to grow and change as opportunities arise
- Inadequate communication:
 - Further disconnect from the needs/wants of residents
 - Lack of public engagement
- Continued challenged from COVID-19 pandemic
- Local leadership not working together effectively
- Negative mindset about the community that have existed for many years
- Lack of a plan for Council and staff to rally around
- Downtown vacancy the changing landscape of retail

RE: Ionia, Pearl, Pleasant, and Emerson Bid Award Recommendation

Dear Mr. Reagan:

We have completed our review of the bids for the City's RD Water System Improvements project, which were received on March 25, 2021. The contract was evaluated and is to be recommended for award based on the lowest reasonable and responsible Total Base Bid. A total of five bids were received for the project. A summary of the bid results is included below:

| Bid Summary | | | | |
|------------------------|-----------------------|--|--|--|
| Bidder | Total Base Bid | | | |
| SDVGC | \$1,094,513.79 | | | |
| Nashville Construction | \$1,136,315.86 | | | |
| Groundhawg Excavating | \$1,332,113.75 | | | |
| Joe Raica Excavating | \$1,357,249.70 | | | |
| Montgomery Excavating | \$1,451,157.00 | | | |

Each of the bidders provided a bid bond, and a properly signed bid form. One error was found in the bid for Groundhawg Excavating. The correct sum was used for evaluation, but no substantial changes to rankings were made as a result of the error.

The Engineer's Estimate was \$1.35 Million, with the bids being within that range. Overall examination of the low bidder's bid showed significant cost savings in the water main pay item, as well as minor savings across most of the other pay items. There were no signs of unbalancing of the bid. Discussion with the low bidder after opening indicated that they were comfortable with pricing and willing to move forward with the contract at the bid price.

GEI requested a list of subcontractors and suppliers from the low bidder, as well as a list of representative projects and project references. GEI contacted multiple references. Per references, the contractors that bid the job are capable of the work for this job, and no issues were noted in prior experiences.

In addition to the base bid, an alternate bid was made to replace all of the sidewalk along the route of the project. The low bidder for the base bid was also the low bidder after alternates were taken into account. Conversations with the Village Manager and Public Works Director indicated

that based on the bid pricing, Alternate A, inclusion of full sidewalk replacement, should be included in the project award.

Based on our review of the bids, and review of project experience and contacts, we recommend that the project, including Alternate A, be awarded to SDVGC in the amount of \$1,148,609.79. If you have any questions, please do not hesitate to contact me at (906) 284-3552 or mstoor@geiconsultants.com.

Sincerely,

GEI CONSULTANTS OF MICHIGAN, P.C.

- MERS will skip over these months when determining the FAC amount for benefit calculations.
- Third-party wages are not reported for leaves of absence.
- Employers **are not** required to remit employer contributions based on leaves of absence when no wages are paid by the employer. However, an employer may submit additional voluntary contributions for the period of the leave in an amount determined by the employer.
- For contributory divisions, employee contributions are required for service credit to be retained. Employee contributions will be collected based on the Service Credit Qualification. Employers will calculate employee contributions due using the employee's current hourly rate (prior to leave). For example if 120 hours is required for service credit, then employee contributions shall be equal to 120 hours times the employee's hourly rate. Employees have three times the length of leave, to a maximum of five years, to pay required employee contributions. Leaves of absence are required to be reported to MERS, including the employee's start and end date per month, along with the employee's hourly rate.

Lake Odessa Village Council

Ionia County, Michigan

Trustee_____, supported by Trustee_____, made a

motion to adopt the following resolution:

RESOLUTION NO. 2021-24

APPROVING THE PURCHASE OF A WATER VALVE EXCERCISING KIT FROM FERGUSON WATERWORKS FOR THE SUM OF \$4,812.50

WHEREAS, the Village of Lake Odessa owns, operates, and maintains a water system for the Village of Lake Odessa; and

WHEREAS, this water system delivers safe, clean, and healthy water to residents and businesses with the Village by way of water mains and municipally-owned and maintained laterals; and

WHEREAS, in order to maintain this system, it is standard practice in municipalities to implement a "valve exercising program," which consists of Village employees turning the valves on water-main valves and curb stops to ensure that they are operable, clean, and in good working order; and

WHEREAS, valve-turning programs increase the lifespan of the valves – valves not exercised can experience higher than anticipated failure rates when used during emergency and non-emergency situations of need; and

WHEREAS, the DPW Supervisor has sought quotes for a valve-exercising kit for the Village, per the adopted Purchasing Policy; and

WHEREAS, the DPW Supervisor has determined that purchasing a valve-exercising kit from Ferguson Waterworks for the sum of \$4,812.50 is the best option for the Village. A copy of this quote is attached as "Exhibit A."

NOW THEREFORE BE IT RESOLVED:

- 1. The Lake Odessa Village Council approves the purchase of a new valve-exercising kit from Ferguson Waterworks for the sum of \$4,812.50 for use by the Department of Public Works.
